

Memorable Football Tour to Delhi (Suraj D.)

Last year I went to Delhi for a football trial along with my friends & uncles. We had a great time there. We almost traveled every place in Delhi. We visited many monuments & exiting places.

But alas! During the trial I didn't get chance to play in one of India's famous stadium "The Jaharlal Nehru Stadium." The trial is all about the players who would be selected from Delhi & Mumbai will play inside the Nehru stadium. From there 10 boys will be selected for Youth Cup in Germany. I didn't have chance in Delhi but I was happy as one of my friends got chance. His name is Suman Deb. The story is not yet completed as the next trial was held

at Mumbai and so my two beloved Nekre uncle & Das uncle took us to Mumbai for the trial & there we also had a great time & in the trial I & my elder brother Sudhir & other two of my friends Banti Sharma & Raja Ratha got chance to play in one of the famous ground of India, the Jaharlal Nehru stadium.

The selected players from Mumbai & Delhi went to Haryana in January of this year. There we lived in a huge University & from there we took bus to Delhi for practice every morning & evening. Oopps.....I forgot to say one thing that the Giant Team of Germany "The Bayern Munich" came to play a friendly match against our team INDIA.

The match was after the match between Delhi & Mumbai. After our match at Nehru stadium, we became ball boys during the match between Bayern & India. After the match one of the manager of Germany announced the selected players for the Youth Cup. None of us got chance. But I felt proud of myself as I came a long way. I clicked photos with the players of Bayern Munich & had a great

enjoyment.

This was for the first time in my life that I played in front of huge & over crowded supporters. While I was playing I was nervous, later I managed myself. Though I didn't have chance I was happy because I remembered the story of Bruce & the Spider. The spider was trying hard but couldn't climb but trying for so long at last it did it. That way Bruce learnt from the Spider that trying hard makes a man perfect. So, do I think the next time is mine.....
